# Black Tiger Shrimp

Shrimp is popular all over the world.

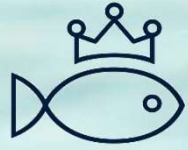

It is nutritious, succulent soft and easy to digest.

Senura Aquaculture Farm, is the largest Farm in Sri Lanka for producing Black Tiger shrimp. The Farm is located near the beach and produces approximately 400 tons annually.

Moreover, the company has large breeding hatchery that can control good genetics lines.

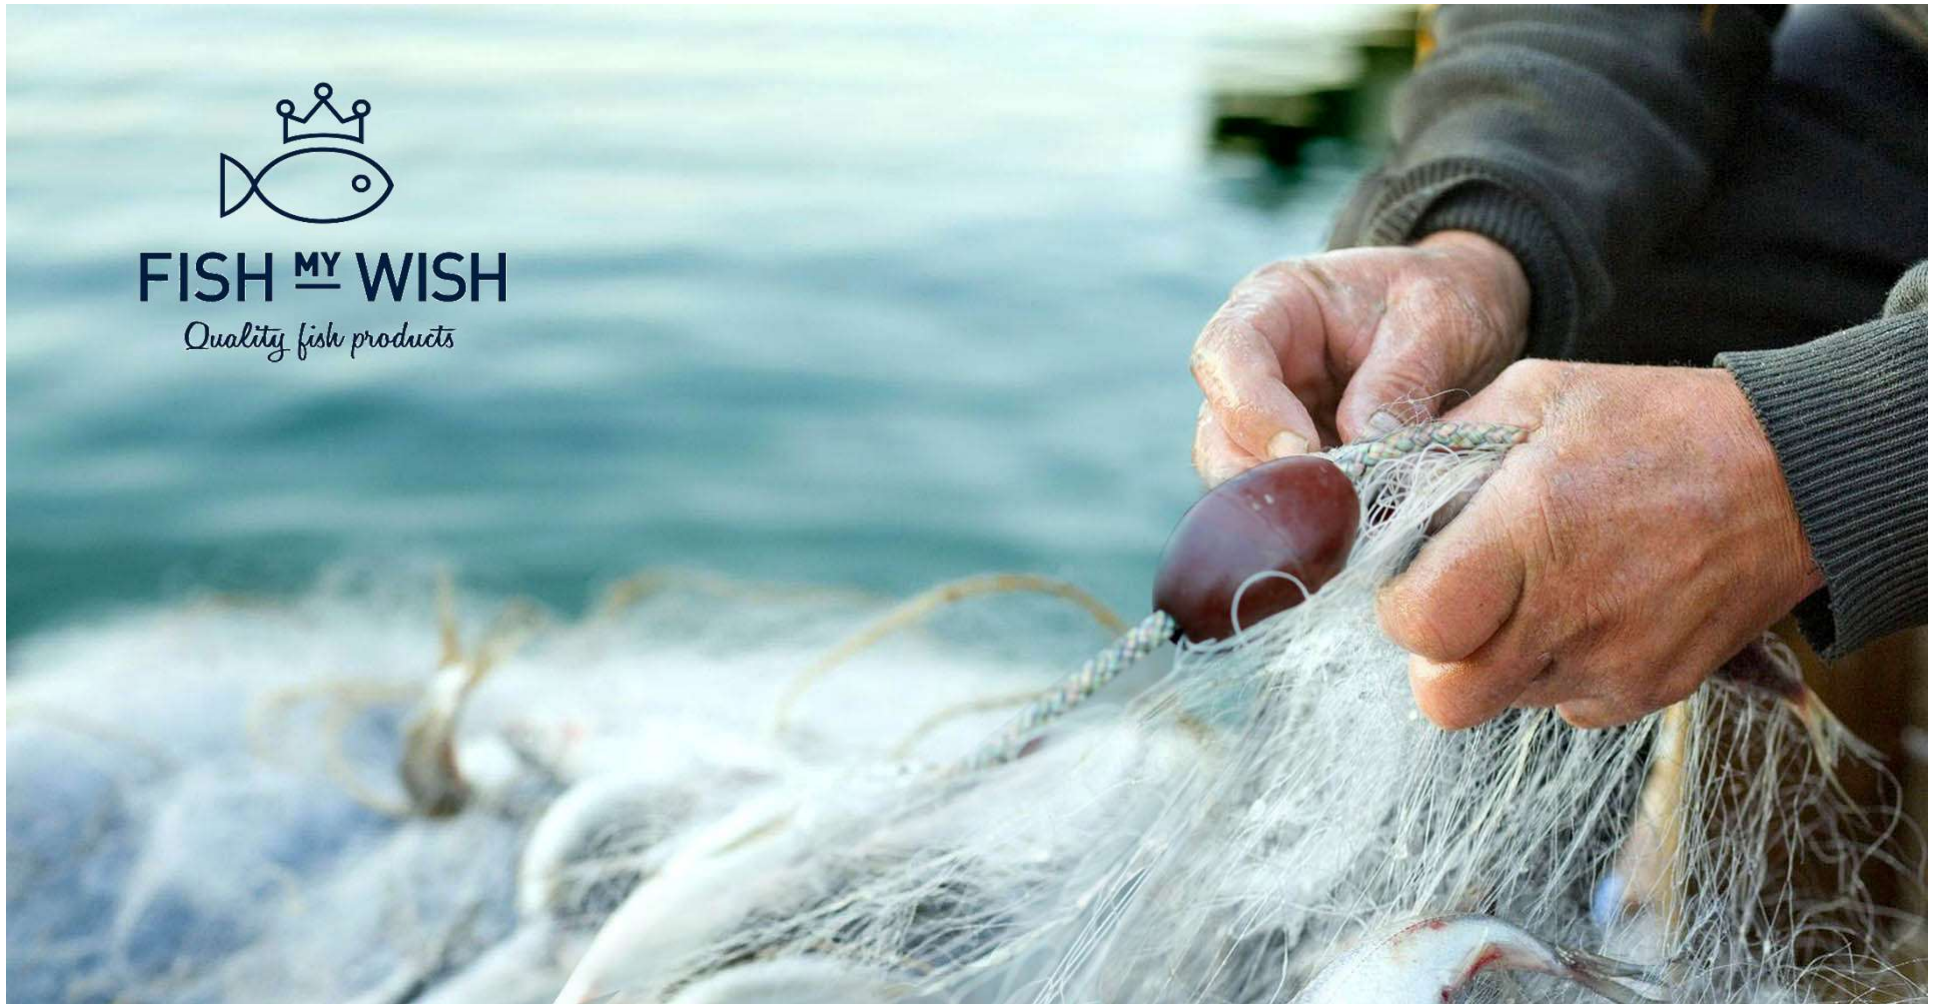

Quality Fish Processing Lanka (Pvt) Ltd and Senura, have been collaborating for many years now, and can offer Black Tiger Shrimp in all processing ways.
